RESPONSE TO RESTRICTION REQUIREMENT WITH TRAVERSE

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the restriction requirement dated July 27, 2005, Applicant hereby provisionally elects Group 1, (claims 1-20) with traverse.

Applicant notes that the claims in both groups are 1) methods of melting and casting; and 2) melting and casting operations. The search required for the two groups is substantially indistinct. The burden on the applicant, through the requirement of two parallel applications and maintenance fees, is substantial compared to the incremental burden of the Office being not commensurately high.

This being a close case, it is respectfully requested that the examiner's discretion be applied and the restriction be withdrawn.

Any questions regarding this communication should be directed to the undersigned attorney at (952) 253-4106.

Respectfully submitted,
